Independent Senior Secondary College for Years 10 to 12

4808 Mt Lindesay Highway, North Maclean Q 4280.

61 Sandstone Place, Parkinson Q 4115

College Founder/CEO

Dr Narendra Nand

Priority for Job Placements/Apprenticeships

ATAC had a very successful year with six students graduating in year 12 and completing their QCE. Twenty-two students graduated in year 10 and look forward to continue their year 11. The excitement and happiness were evidenced at the graduation evening held at the Parkinson Campus. ATAC focused on growing knowledge and skills of students to become potential entrepreneurs. The dedication and support of the parents and teachers enabled many students to passionately work hard to complete their tasks, especially towards the end of the term. The demonstration of self-engagement, motivation, and initiatives shown by the students illustrated the workplace qualities that could open many opportunities in the workforce. Workplace environments can be very challenging and students need to be seriously committed to work, be receptive to advice, resilient, and tolerant in order to persevere through the initial difficult phases.

Congratulations to six students who have secured their apprenticeships and those who have completed their job experience. Year 11 and 12 students in 2018 would be encouraged to have high achievements in employability skills which encourages staff and potential employers to

support them through the processes of securing apprenticeships. Employers always seek for dedicated, hardworking, punctual, honest and reliable employees and I hope every student develops these basic qualities and take on opportunities to create pathways for future employment.
